Purpose and Details

Provide a brief description of the trip.

The trip provides congressional staffers a chance to see the operations of farms that produce sugarcane, sweet corn, green beans, rice and many other crops for up to 180 million Americans during the winter and spring months every year. Staffers will spend their days touring farms, talking to local farmers, seeing sugarcane throughout the the entire cycle- crop, harvesting, refining and all the behind the scenes work that goes into manufacturing and packaging. They see celery and other in-season crops being harvested and packaged in the fields. They learn about water issues, farm bill issues and are able to talk to and see how it impacts our part of the country. They will also see how the byproducts of sugarcane are used to produce eco-friendly food packaging such as clamshells for take out.

Explain how the purpose of the trip relates to your organization's mission.

The mission of the South Florida Agricultural Foundation is to provide educational and stewardship opportunities within the South Florida agricultural industry, including sugarcane, citrus, sweet corn, celery, rice and other local crops in an area which ranks in the top 10 in the nation for agricultural revenue. Staffers will learn firsthand the how, what, when and where the food for the Southeastern U.S. is provided. The staffers will become aware of the challenges and successes farmers have to help provide food security to Americans. Staffers will take away the knowledge for the upcoming Farm Bill and appropriation bills that deal with water, food security, taxation and related issues of agriculture.

Subject: You're invited to an Ag-Venture!

The **South Florida Agricultural Foundation, Inc.**, a non-profit organization founded to increase public awareness of South Florida's agricultural industries – including sugarcane, citrus, sweet corn, rice, celery and other crops – through educational and stewardship opportunities, is sponsoring a congressional staff trip to our area on **April 11-14**. The purpose of this *Ag-venture* is to give staffers an opportunity to tour South Florida's agricultural industry gaining firsthand knowledge of its impact on Florida and the United States.

The Foundation would like to extend an invitation to you to participate in this upcoming trip. I have attached last October's itinerary as we are still working on April's, but you can also check out our website at www.soflagfoundation.org, where you can see the educational opportunities staffers had on previous tours.

Tour participants depart from Ronald Reagan National Airport to Palm Beach International Airport where Foundation staff and a chartered bus will meet them. We'll kickoff the tour by traveling west to the Everglades Agricultural Area. There we'll have an ecological **AIR BOAT TOUR** on Lake Okeechobee, the heart of a number of Florida's water issues. Other stops during the tour will include citrus groves, sugarcane field operations and mill, and other vegetable planting and harvesting operations. The Foundation will cover the cost of all travel, lodging and meal expenses associated with the trip and will provide all necessary documentation for the Ethics Committee.

Florida is known as a premier tourist destination with its miles of sandy beaches, but few people know of its abundant agricultural interests and its vital role in food production. In the South Florida region, Palm Beach County alone generates nearly one-and-a-half billion dollars in total agricultural sales each year, ranking it among the top ten counties for highest agricultural revenue in the nation. While Florida has three million acres devoted to agriculture, Palm Beach County has more agriculture than any other county with 40% of its land actively farmed. Florida food is exported to 170 different countries to the tune of \$4 billion worth of food products.

We hope you will be able to join the Foundation on this fact-finding trip. We believe it will be a worthwhile experience and that you will gain a better understanding of the Florida agricultural industry and other ag-related issues that you work with on a daily basis.

Be assured that we will be following all CDC guidelines regarding Covid-19 virus precautions and protocols necessary to keep everyone safe and healthy.

Space is limited, and slots will be filled on a first come, first-served basis. Let us know if you would like to participate in this exciting *Ag-venture* and we'll put you at the top of our RSVP list. We'll forward the final itinerary shortly and will have all ethics forms to you prior to the due date of **March 13th**. Feel free to contact us at 202-431-9763 if you have any questions.

*Only recipients of this invitation are able to attend. If you have a referral, please send their name and email. Do not forward this invite.

Hope to see you in April!
